CEG-4110: Weekly Team Report

Team Name: The Chefs

Name of Submitter: Jordan Wilson

Reporting Week: Monday, 1/12/2026

Number of team meetings during reporting week: 1

Total duration of meeting during reporting week: 1 hour

Date of Meeting	Team Members
1/18/2026	Jordan Wilson, Garry Francis, Mason Moore, Aditi Bhardwaj

Summary of work completed in the reporting week:

First meeting introductions were made where we talked a little about our background and our majors.

Talked about the different roles for the project, and the current requirements for each role.

Discussed user requirements and discussed user authentication methods.

There was some discussion of the sorting options for the users, such as searching a recipe by name and by an ingredient, or going a different route.

Summary of work planned for next week:

Planned a meeting on Tuesday (1-20-2026) at 5pm in the Library.

Each member is to come up with some questions before the meeting and will be discussing our questions together. Merging similar questions if needed and collaborating for follow-up questions to be submitted on 1-22-2026.

Going to be assigning roles (administrators and grocery admins)

Going to be discussing if we are doing a private github repository or something else.
